

ASKS DEBATE ON WILSON'S PEACE PLAN

NATOR CUMMINS INTRODUCES RESOLUTION PROVIDING FOR FREE EXPRESSION IN SENATE.

COMMENT IN ENGLAND

Manchester Guardian Praises President's Proposals Declaring British Nation Should Endorse Them.

[BY ASSOCIATED PRESS] Washington, Jan. 23.—Senator Cummins of Iowa submitted a resolution to the senate today which would devote the senate, beginning next Monday, to a full and free discussion of the president's world peace policy expressed in his message of yesterday. It is the first time since the outbreak of the war that the senate has been called upon to speak more than an hour. Chairman Stone of the foreign relations committee objected to immediate consideration, and the debate was deferred until tomorrow.

Is Senate's Duty. The resolution cited that inasmuch as the president's address called for a day of free expression of opinion, the president had invited free and frank expression of opinion for guidance in a matter involving the integrity of the nation, and that it was the duty of the senate to consider thoroughly the proposals and to advise the president regarding them.

In the present pressure of public business, said Senator Stone, "I shall have to object to setting aside a whole week, for that is what it would take merely to hear speeches or opinions regarding the president's address."

Praises Wilson's Speech. London, Jan. 23.—The Manchester Guardian commenting on President Wilson's speech to the senate, called it a "splendid policy nobly expressed."

The speech, said the paper, was addressed to the senate, but it equally concerns ourselves and our adversaries in the war. The president has no intention of taking any part in the actual negotiations, but he is clearly and directly concerned with what kind of peace it is which he will consent to call upon his countrymen to approve and sustain.

After quoting the chief points in the president's speech in regard to the conditions on which peace must be based, the Guardian continues: "It is a splendid policy nobly expressed."

As for ourselves, they are our terms, or if they are not, they ought to be, and the mass of the nation will to them every possible favor and support."

ENDORSES PLAN TO TRAIN THE CHILDREN

[BY ASSOCIATED PRESS] Washington, Jan. 23.—Captain E. Z. Steever, U. S. A., originator of the plan of military training in schools, told the senate military committee today that such training, properly adapted to the needs of the nation, could not fail to develop initiative, alertness, a stronger moral sense and generally to produce better citizens. For girls he proposed organized training in domestic and home laws.

CALLS PRESIDENT A GENUINE LOBBYIST

[BY ASSOCIATED PRESS] Washington, Jan. 23.—Senator William D. Hearst, D-Calif., frequently urging action on his legislative program, was attacked by Senator Jones, republican, who declared it indicative of a course of "systematic lobbying" by the president.

[BY ASSOCIATED PRESS] London, Jan. 23.—The casualties to date in last Friday night's explosion were officially announced today to comprise sixty-one killed, 72 seriously injured and 225 slightly injured.

Halt Danish Vessel Suspected of Taking Supplies for Raider

Rio de Janeiro, Brazil, Jan. 23.—The Danish steamer Hammarhus was fired on last night by the guns of the fort at Santa Cruz and halted while trying to put to sea secretly after receiving a quantity of provisions and explosives from a German ship anchored in the harbor, according to a report. The Hammarhus entered the port at ten o'clock last night and dropped anchor close to the German ship. It took on board a large number of cases and then attempted to leave the harbor.

The movements of the ship were observed from the fort and it was signaled to stop. The signals were ignored, when the Hammarhus halted and was boarded by port police. The police compelled the steamer to anchor in the neighborhood of some Brazilian warships, where it is being kept under surveillance pending investigation.

JAP PREMIER FACES STRONG OPPOSITION

[BY ASSOCIATED PRESS] Tokyo, Japan, Jan. 23.—Japan is confronted with an internal political crisis. The opposition to the cabinet of Premier Terauchi has opened a vigorous campaign on the ground that the Terauchi non-partisan cabinet was formed in violation of the spirit of the constitution.

In his address in the house of peers, Premier Terauchi expressed satisfaction that Japan's relations with the treaty powers, other than the participants in the war, "are more and more cordial."

In the course of an address in which he unequivocally asserted that Germany's ambition for world hegemony was the true cause of the war, Viscount Motono, particularly dwelt on the relations between the United States and Japan.

"If light clouds," he said, "had occasionally obscured, however so little, the relations of the two countries, they were generally dispelled by the common will of the two governments. Certainly there exists questions on which our government may not be in accord, that happens even between allied countries. However, by examining even the thorniest questions loyally and frankly with a determination to settle them in an amicable and conciliatory manner, we are surely bound. This is the road which the two governments have followed to the great satisfaction of the two nations."

SESSION OF BRITISH LABOR PARTY TODAY

Manchester, Eng., Jan. 23.—The eyes of capital and labor throughout Europe focused on the sixteen annual conference of the British Labor party here today.

What shall labor demand after the greatest war in history was the clear question before the conference today indicated that labor will fight to remold shattered industrial relations more radically than ever in history. Revolutionary demands will be made on the government.

It had been practically decided before the hundreds of delegates assembled that when the conference throws hundreds of thousands of workers back into the industrial boiling pot, the unions will demand that the government provide work for every man who is idle.

Immediate restitution of the full rights and privileges of unions, withdrawn during the war, also will be asked.

WET OR DRY MEASURE IS PRESENTED

ASSEMBLYMAN EVJUE PRESENTS HIS PROPOSITION TO THE ASSEMBLY FOR THEIR CONSIDERATION.

FOR REFERENDUM VOTE

Would Be Voted on in 1918 if Passed and is Planned to Become Effective January 1, 1920.

Madison, Jan. 23.—A referendum bill on the question of wet and dry was offered in the assembly today by Assemblyman Evjue. The bill provides for a state-wide referendum on the prohibition question at the November election in 1918. If adopted, the measure shall become effective January 1, 1920.

The bill provides penalties of fines from \$100 to \$500, or by imprisonment, or both, for not less than ninety days nor more than one year.

A similar bill was introduced in the senate by George B. Skogmo.

By a close vote the assembly refused to reconsider the action which it took yesterday in passing the Hart resolution calling upon President Charles H. Van Hise of the University of Wisconsin to grant the use of a university building to William J. Bryan, and decline the use of a building to Max Eastman.

A resolution on the death of the late Assemblyman Walker M. Curtis of Kenosha, was adopted. New bills offered, were: Kandutsch: Compelling county boards to provide a bounty of fifty cents for every owl killed.

Kvam: Making the law in regard to licenses, apply to wholesale liquor and grocery stores in dry territory, and prohibiting the sale of liquor in such territory.

Gamper: Repeal of the state fire fund law and refund the amount of unearned premiums to towns, villages and cities.

Engelbrecht: To permit fishing by hook and line in the Pecatonica river.

Conner: Permitting second class cities to grant aid for agricultural or other exhibits to the amount of \$1,500.

Carl Hansen: All fees paid to optometry board may be used by board in carrying forward its work.

Assemblyman Draney met again today and introduced a bill to repeal sections invalidated by supreme court decisions.

Zumach: Resolution to amend the constitution to permit the state to appropriate money to acquire and develop forests and waterways; also a measure to amend the constitution to perpetually vest in the state, title to the shores of lakes and rivers, the state may at any time own.

A bill providing for gradual exemption of improvements from taxation by percentage production for each year until 1925, after which time all taxes shall be levied upon value of land assessed after this date.

PREPAREDNESS TAX BILL IS PERFECTED

[BY ASSOCIATED PRESS] Springfield, Ill., Jan. 23.—Bills proposed by the legislature in Illinois were introduced in both houses of the legislature today.

Introduction of the bills was the opening gun fired by the drys in a day of activity in Springfield, culminating with the appearance here of William J. Bryan for two dry speeches this afternoon and tonight.

SUGGEST LAWMAKERS TAKE A TRIP INTO UP-STATE COUNTIES

[SPECIAL TO THE GAZETTE] Madison, Wis., Jan. 23.—A plan whereby all the members of both houses of the legislature would be taken on a two weeks' trip through upper Wisconsin is being tentatively discussed. It is understood to have originated with northern Wisconsin people who believe that the representative men of all other parts of the state ought to be brought into closer contact with northern Wisconsin with a view to better understanding of the needs of that section of the state, and that the imparting of information at first hand, as to its resources and possibilities, is the way to accomplish that end.

The idea is to secure a special train and route it over the principal railroads, taking in all the principal interior points as well as the lake ports.

One idea is that the legislature could appropriate to pay the expense of a tour of good public policy. Another is that funds for the purpose could be raised in several of the northern counties.

As to the time of the trip, one proposition is that it be made at the close of the session, which is expected to be early in the summer, and it is believed that great benefit would result from the future from the better acquaintance on the part of the leading men of all sections of the state, especially those of southern Wisconsin, with the great potential empire of the north.

ILLINOIS MAY VOTE ON PROHIBITION AS RESULT OF CRUSADE

[BY ASSOCIATED PRESS] Springfield, Ill., Jan. 23.—Bills proposed by the legislature in Illinois were introduced in both houses of the legislature today.

DRY SPEAKERS URGE PROHIBITION CAUSE

[BY ASSOCIATED PRESS] Madison, Jan. 23.—That the trend of the times, and the logic of events are all making for a dry victory in Wisconsin, was the burden of an address before a dry meeting here today delivered by E. L. Lincoln of Richland Center. Lincoln told the history of Richland Center since the saloon had been voted out. Another speaker was Mark Hudson of Michigan, who told of the method used in Michigan to secure a seventy thousand majority against liquor here. "Our legislature is but our servant, and not our master," declared Lincoln. "Therefore, we do not ask as a favor of the legislature that it submit the question of state prohibition to the electors at large. We demand it as our right. The question being submitted to the people, we have no doubt as to the final outcome—a dry commonwealth."

We believe in a more sober and efficient state. We believe in complete extinction of liquor traffic. We summon you to our ranks to vote for a dry Wisconsin.

No final organization had been made at noon today for organizing the state in behalf of the dry movement.

MORE CONFESSIONS AS TO BRIBERY

[BY ASSOCIATED PRESS] Chicago, Jan. 23.—Henry "Teedun" Jones, south side negro gambler, who with Oscar De Priest, negro alderman, is under indictment in the police graft investigation begun by State's Attorney Lincoln, has confessed, according to the state's attorney, implicating policemen whose names have not yet appeared in the investigation. Jones and De Priest are charged with having paid bribes to the police for gambling privileges.

SHORT DEALS WILL BE INVESTIGATED BY THE COMMITTEE

[BY ASSOCIATED PRESS] New York, Jan. 23.—Searchlights in the House rules committee on the "leak" inquiry are to be turned immediately on all "short deals" which took place on the stock exchange between Dec. 10 to Dec. 23. It was on such speculation if any that profits were made on advance information regarding the president's recent peace note, it is asserted.

That this feature of the inquiry may be expedited, the committee at its first session ordered H. G. S. Noble, president of the stock exchange, to request the governing board of the exchange to supply the committee forthwith with a list of all their transactions between those dates, designating all customers by name, and not by number or appellation.

New York, Jan. 23.—Having proven that fourteen husky policemen can drive on a twenty-five cent a day, Mrs. Julia McClary, dietician of the police diet squad here, left today for Washington to ask the president of the United States to make a diet diet.

Her theory is that some women could cut down the cost of living by doing their own shopping, reducing delivery and other expenses for the grocers. She also hopes to prove to the country that eliminating useless food in menus would lessen the cost of living.

WOULD PUT WILSON ON LOW COST DIET

[BY ASSOCIATED PRESS] New York, Jan. 23.—The return movement of the National Guard organizations making up the 25,000 troops ordered home from the border by the war department, Jan. 21, according to the announcement made at General Funston's headquarters today, is estimated a month will be required to complete the movement.

The Second Wisconsin Infantry, the First Minnesota Field Artillery, the Fourth South Dakota Infantry will be in the second group. The First Minnesota Infantry will depart with the last group.

SUSPICIOUS VESSEL NEAR SANTO DOMINGO

[BY ASSOCIATED PRESS] Santo Domingo, Dominican Republic, Jan. 23.—The American steamer Mariner, trading between Santo Domingo and New York, which arrived here yesterday from Ponce, reported having sighted a suspicious steamer in the vicinity of Vieques Island, off the coast of Puerto Rico, about thirteen miles east of Puerto Rico. The American Atlantic fleet passed here yesterday.

Fatalities in Boiler Explosion. Many crew members of the Dominican coast steamer Carib were killed and others severely injured by an explosion of the steamer's boilers, which completely wrecked the vessel.

BERLIN REPORTS ON ACTIVITY OF FORCES

[BY ASSOCIATED PRESS] Berlin, Jan. 23.—Successful reconnoitering operations by Teuton detachment and repulse of a British body, which attempted to move against Great Britain, and the capture of the Franco-Belgian front, are announced in today's headquarters statement regarding operations in that war area.

The breaching of Russian aid after the advancing troops had entered the German first line west of Dvinsk, is announced in today's official statement.

Make Advances. The Teutonic troops have resumed their advance in Dobruja, it is announced today. Bulgarian forces crossed the southern boundary of the Danube near Tulchita and held the ground against the Russian attack.

THREE STUDENTS AT LAWRENCE EXPELLED

[BY ASSOCIATED PRESS] Appleton, Jan. 23.—Three Lawrence students were expelled yesterday for disorderly conduct. They went to the law library and in attempting to steal their way back to the dormitory were detected by Brockway Hall lodgers, and reported to the faculty. They are Louis Heth, Rachel Arthur Christensen and James Marston, Rockford, Ill. The discipline committee was notified to act and as a result the students received the news of their expulsion. Their parents were advised of the action taken.

The S. and B. society of the Presbyterian church will meet on Wednesday at 2:30 at the home of Mrs. J. R. Lamb, 718 Milton avenue.

Belgium Expects Aid Of U. S. to Build Up Industry After War

[BY ASSOCIATED PRESS] New York, Jan. 23.—Materials, machinery and finances for the rehabilitation of Belgium will have to come in a large part from the United States in view of the general situation in Europe, according to the reports of the American industrial commission sent to France by the American Manufacturers' Export association. The second installment of this report was made public here today.

It is known that European countries have made purchases anticipating their wants, before the cessation of hostilities, and that arrangements material over as quickly as possible, upon the conclusion of peace, the statement says. "This involves the important question of transportation facilities. While America is making efforts to rehabilitate her mercantile marine, it is doubtful whether sufficient tonnage can be made available to supply all demands when the time comes. It is stated Belgium is deeply concerned in this question and has in contemplation the formation of a steamship line to be known as the Royal Belgian Lloyd."

Belgium's position on the Belgian command-in-chief in Paris, embodied in the report, suggests an appeal to the principal associations of the great industrial countries of the world to assist in helping Belgium to resume this industrial and commercial position after the war.

BRYAN FINDS FLAW IN WILSON'S PLAN FOR A WORLD PEACE

[BY ASSOCIATED PRESS] Madison, Jan. 23.—The president's message is a wonderfully eloquent appeal to nations at war," declared William Jennings Bryan in an interview here at an early hour today before leaving on a train for Springfield, Ill., where he speaks this afternoon.

"In so far as the president's message suggests terms of agreement, it is entirely sound and affects what I believe to be an almost unanimous sentiment. But I dissent entirely from the proposition that this nation should join in effecting peace in Europe. If the nations will agree to peace on terms suggested by the president, they will not need our assistance in enforcing it."

"If I know the sentiment of the American people, it is that they should not be drawn into the European war, and that they should stand by the command of an international council which would necessarily be controlled by European nations, and that we should decide for us when we would go to war."

"Such an agreement in my judgment would imperil our European business interests, and it is because we have more faith in our people to help them by example than I have in our country to help them by endorsing the European plan of relying upon force and terrorism."

He presents the philosophy of brotherhood and co-operation, and this is inconsistent with the proposition that it be backed up by larger display of force and arms. Towards the president has shown wheat and tares together. I hope that the senate will approve of the wheat and reject the tares."

WILL RETIRE PERSHING'S EXPEDITION

[BY ASSOCIATED PRESS] Washington, Jan. 23.—Withdrawal of outposts of General Pershing's force in Mexico, has been ordered by the war department, with the approval of President Wilson. There were no national today, but as soon as the outposts are brought in the movement of the main body of troops toward the border will be begun.

VILLA IN A NEW MOVE

Has Allied Himself With Zapata and Is Organizing New Army South-west of Chihuahua, Wash.ington Learn.

No date for the second of Ambassador Carranza's, was made by the Mexican capital has been set, it was stated officially today. The question of lifting the embargo on the exportation of arms into Mexico is being considered, because of the complexity of the problem. The position of the government, it was learned, is that the embargo should be lifted as soon as the administration can be sure the arms will go to the proper authorities.

A new alliance between Villa and Zapata against Carranza, was made by the withdrawal of those two chiefs at a conference at San Andres in Chihuahua last week.

Officials here are less concerned in the alliance than in the fact that Villa and Zapata have now concentrated in territories south and west of Chihuahua, equipped to launch a new campaign to carry out Villa's part. The administration of so strong a force was taken as an indication of his intention to contest control of the region about to be abandoned by the American expedition under Major General Pershing.

U. S. COMPANY DROPS CHINESE RAILROADS

San Antonio, Jan. 23.—The return movement of the National Guard organizations making up the 25,000 troops ordered home from the border by the war department, Jan. 21, according to the announcement made at General Funston's headquarters today, is estimated a month will be required to complete the movement.

The Second Wisconsin Infantry, the First Minnesota Field Artillery, the Fourth South Dakota Infantry will be in the second group. The First Minnesota Infantry will depart with the last group.

Tokio, Jan. 23.—Because of protests raised by Great Britain, France and Russia, the railway loan contract signed Sept. 30 between the Chinese government and the American firm of J. P. Morgan & Co., St. Paul, has been revised, according to an official dispatch to the Japanese government.

Four lines, all but the one connecting Yenchow with Lanchow, have been dropped from their original contract. It is reported.

The line in Hainan island and another of 800 miles which is to connect Chuchow, a town in Hunan Province, with Chingchow, in Kwangtung, are given in the new contract. The amount of the loan is to be changed as a result of a change in the plans, says the dispatch received here. The new amount is to be decided after a survey by Mr. Kyle, engineer of the Szechuan railway, who is now on his way to China.

GOVERNMENT WILL AID GUARDSMEN TO GET JOBS

[BY ASSOCIATED PRESS] Washington, Jan. 23.—Guardsmen who returned from the border to find their jobs gone will be aided from Great Britain and France by means of immigration, obtaining other employment. Commissioner General Camminetti today issued orders to all officers of service throughout the country to help everything possible to help unemployed guardsmen. The plan has been approved by the war department.

JUNCTION BOYS WIN COUNTY LIVESTOCK JUDGING CONTEST

Team Will Represent Rock County at
State Competition in February
at Madison.

The Rock county district stock
judging contest between the high
schools of the county took place last
Friday, Jan. 19. Four schools partici-
pated, namely, Milton Junction, Mil-
ton, Edgerton and Janesville, each
school being represented by a team
of three boys.

These representatives met at Ed-
gerton and were taken with sleighs to
the farms where the judging took
place.

The first one visited was the Hep-
burn farm, about five miles northwest
of Edgerton, where the boys judged a
class of four draft horses, two Per-
cherons and two Clydes. Here the
boys were asked to select the horses
best suited to drawing heavy loads,
noting general appearance, the head
and neck, the back and fore and hind
quarters.

Here they also judged a class of
four swine of the land type (Poland
Chinas). These were selected accord-
ing to their relative value to the
breeder—weight, form, covering and
quality being noted.

The work being finished there, the
party next went to the Lawton farm,
managed by Lloyd Simpson, about a
mile east of the Hepburn place. Here
the boys judged a class of four Jersey
cows, according to their conformation
to the dairy type. In doing this they
noted the appearance of the milk pro-
ducing organs, the circulatory organs,
indicating constitution, the dairy en-
tertainment and the capacity for food.

Finishing this task they went to the
McGinnity farm, where they judged a
class of four Holstein cows on the
same points as the Jersey cows.

The boys were accompanied by their
instructors in agriculture, Principal
Mahagan of Milton Junction, Principal
H. N. Jordan of Milton, Mr. Dexter of
Edgerton and Mr. West of Janesville.

Principal F. O. Holt of Edgerton also
went with the party.

The individual scoring highest was
the Milton Junction team, followed by
the Milton team, then the Edgerton
team and last the Janesville team.

AMERICAN & IDEAL RADIATORS & BOILERS

If your coal-bin could talk it
would advise you to buy today
an IDEAL-AMERICAN outfit!

The fuel economy of IDEAL Boilers is the result of accurately placed fire surfaces, inner flues, and corrugated fire pots which admit the air in proper amounts for the complete combustion of the rich gases from the fuel. Too much or too little air wastes or kills the fire. An IDEAL Boiler will get all the heat out of the fuel—will make the smallest amount of coal produce the maximum volume of heat!

The Labor Savings of IDEAL Boilers depend upon their generous fire pots, which hold sufficient fuel to last from 8 to 24 hours without shoveling coal and refilling.

Good for lifetime of low-priced comfort

Economical and Even Heat is assured with this outfit which never needs repairs or overhauls. Settle your heating doubts at once and for your lifetime by insisting on an IDEAL Boiler and AMERICAN Radiators. Accept no substitute!

Whether your home is OLD or new, investigate at once—4 cold months still ahead! These wonderful coal-bins immediately make your building become of higher commercial value and is classed as "A-1" for selling or renting when heated with IDEAL-AMERICAN outfit.

Phone your dealer for estimate, but send for (free) copy of "Ideal Heating" it's full of big heating facts! Every man who wants complete comfort should have this book. Write for it today and join the million-army of warm friends that advertise us.

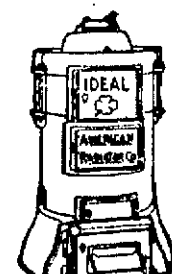

A genuine, practical, built-in Vacuum Cleaner

We also make the ARCO WAND Vacuum Cleaner, connected by an iron suction pipe to various floors of house, flat, school, church, hotel, etc. No dragging around a clumsy, inefficient portable cleaner—instead you have a practical outfit that is a part of the building—like radiator heating. JANEVILLE MEN HURT AT MADISON

L. B. T. Winslow and Robert Clarke Caught Between Street Cars After Bryan Lecture.

L. B. T. Winslow of 1720 Milwaukee avenue lies seriously injured at a Madison hospital and Robert Clarke of 1400 Milwaukee avenue is suffering from severe internal injuries at his home as the result of an accident last evening in which they were caught and crushed between two street cars on their way to the station after the Bryan lecture in Madison.

The two men had hurried over from the Stock Pavilion at the university, where the lecture took place, to get to the street car. The rear doors of the car they tried to board were closed, but as the car was not crowded they went to the front end; here also the doors were closed and the men walked around the car to get another. At this particular place there is a double track to permit cars to pass each other, and as the men were walking down the length of the car between the tracks, a car coming in the opposite direction caught them and crushed them between the two cars. Mr. Winslow was the most badly injured of the two, and his condition is said to be very serious. He was taken to the Madison hospital at once. Mr. Clarke had several ribs broken and received internal injuries of a severe nature. He was brought to Janesville on the special train last evening, however, and is now being attended at his home.

THIEF BUNGLES JOB OF ROBBING A SAFE

[SPECIAL TO THE GAZETTE.]

Clinton, Jan. 23.—On going to work at the C. W. Irish feed mill Monday morning, Leo Fry discovered that someone had gained entrance to the office and tried to rob the safe. The entrance was made by breaking a window on the south side of the mill and through the engine room, forcing the catcher on the two doors that led to the office. Several holes were drilled in the door of the safe and coal shovels and hammers were used to break the lock but without success in getting the door open. An old felt hat that was in the office was used to hammer on to the door. The attempt at robbery was made some time Sunday night, as the tracks in the fresh snow would indicate. It is also thought to have been done by an amateur, as only things that were taken from the office was a fountain pen and a magnifying glass that was on the office desk. No clue as to who made the attempt at robbery has as yet been obtained.

Changing Her Spots.

She was sobbing softly, and he was very much annoyed. He didn't like faint hearted women anyway. They had been long enough married—six months—for him to assert his prerogative as the master of the household.

"Oh, keep quiet! You act like a baby," said he by way of beginning.

"I don't know what you're crying about anyway."

She told him between sobs. "Why—why, you said I—I was freckled. And—when you and I were—were lovers you—you saw these same freckles, but you called 'em beauty spots then."

What Damp Means.

Learn to know what damp means, especially when used upon polished woodwork. Think it means wet and you will be verily valuable information as "newspaper rubbish." Dip a cloth in hot water, wring it as hard as you can, then shake it in the air, and it should have about the right amount of moisture.—Exchange.

GUM ROBBER GIVEN A YEAR AT WAUPUN

Incriminating Evidence of Past Criminal Activity Brings Severe Penalty to Evansville Thief.

John Ambrose of Scranton, Pennsylvania, was given one year in the state penitentiary, and Edward Haley was given ninety days in the county jail for the theft of a gum vending machine and its contents from the Northwestern station at Evansville last week. When they were brought into municipal court yesterday afternoon.

From the testimony brought out in the case it seems that the two men met for the first time when they were both seeking a night's rest in the city lockup here. During the night the two struck up a friendship, and the next morning beat their way to Evansville. That evening, at the suggestion of Ambrose, the younger of the two, they stole the gum machine from the station, carried it out onto the tracks in the yards and there broke it open, securing eighteen cents as loot.

Indications pointed strongly to the fact that Ambrose was not new at the game of forcing entrance into boxes, for he made use of a tool known, according to police officials, only to professional vegemites. The tool in question was a brake-shoe pin, a pin which the initiated can easily draw from the mechanism of a freight car, and which is known to the "profession" as a jimmy. This Ambrose admitted to have taken from a car and to have used in forcing the lock of the gum machine, though he denied any knowledge of the customary use of the underworld.

It was evident that Haley had played only a passive part in the theft and was originally inclined. Hence his lighter sentence.

SCOTCH WOMEN LIKE COAL MAN'S JOB

Two jolly Scotch coal "maes." In some parts of Glasgow women have taken the places of coal men. In the east end of the city they are to be seen daily and from the expressions on their faces they evidently enjoy taking the place of the man who is "doing his bit" for king and country on the firing line.

JOHN T. SNYDER CALLED BY DEATH

Prominent Janesville Man Succumbs Less Than One Week After Death of His Wife.

Less than a week after the death of his wife John T. Snyder of 417 North Washington street passed away early this morning at his home. Coming as it does at this time Mr. Snyder's death is a tragedy which will be hard for the family to bear. At the time of Mrs. Snyder's death he was very ill, and since then but little hope has been held for his recovery. He lived through a siege of grippe and pneumonia, but with his advanced age put too great a demand on his energy, and death came after a period of several months. During this time he has not engaged in any active business, but has devoted his time to his family and to his friends. Mr. Snyder was exceptionally well known for a family in private life, and numbered a large circle of friends among all types of people. His love for his family, his devotion to their best interests, his quiet philosophy which will be missed by but a few points that attracted people to him. Those who knew him best loved the man for himself, and his many less than one week after the death of his wife, he was beautifully exemplified in the fight he put up at the last.

Mr. Snyder is survived by seven children: Frank H. of Manitowish, Wis.; Fred W. of Footville, Mrs. Mary Knudsen, Mrs. Mattie D. Fatzinger, Charles E. Snyder, Glenn G. Snyder, and Grace A. Snyder, all of this city. The funeral announcement will be made later.

Harold E. Truesdell.

Harold E. Truesdell of Rockton, Ill., a former resident of Janesville, passed away Monday afternoon at the general hospital, Beloit, following an operation which he underwent several days ago. He was a young man who enjoyed the friendship and respect of a large circle of friends. He is survived by his wife, his mother, who resides in California, and two brothers. Funeral services will be conducted at two o'clock Wednesday afternoon at the home of his uncle, Mert Truesdell, 930 Harrison avenue, Beloit. Interment will be at Shopleer cemetery.

Mrs. Sarah Coulter.

At the funeral of Mrs. Charles Coulter, who passed away at her home in Poplar Bluff, Mo., last Saturday morning, which was held here on Monday afternoon, Rev. Charles E. Ewing of the Congregational church conducted the services, held at Oak Hill chapel.

Mrs. Coulter is survived by one daughter, Mrs. H. B. Childs, of Poplar Bluff, a sister, Helen Morgan, of the same place, and one brother, Fred Morgan, of Evansville, Ind. Mrs. Childs and Miss Morgan accompanied the body to Janesville.

Charles Smith.

After an illness of but two weeks, Charles Smith passed away Saturday evening at the hospital. Any of the friends of Mr. Smith who desire to view the remains may do so at the home of his wife, Mrs. M. Smith, on South Main street.

The body will be taken to Johnson Creek for interment at eight o'clock tomorrow morning by W. V. Woodman of Berlin, Wisconsin, who came to Janesville to take charge of the funeral arrangements.

James F. Riley.

At the funeral of James F. Riley, held from St. Patrick's church yesterday morning, the following men served as pallbearers: Thomas Donnelly, William Kelley, James Sheridan, John Gleason, W. A. Murray, and John Heffernan.

Mrs. Anna Monahan.

Funeral services for Mrs. Anna Monahan will be conducted at ten o'clock Wednesday morning at St. Patrick's church. Interment will be in Mt. Carmel cemetery.

Mrs. Monahan was born in Ireland in 1835, but came to this country as a young woman; she married John Monahan in 1858, who has been dead for some time.

She is survived by eight children, twenty-one grand-children, ten great-grand-children, and two great-great-grand-children. At the time of her death she was the eldest of five generations.

MR. S. RAY GILLMAN
DIES AT HER HOME

Evansville, Jan. 22.—Mrs. Ray Gillman, one of the oldest residents of the city of Evansville, passed away at her home in this city at 12:15 a. m. on Sunday. Mrs. Gillman had been very poorly for some time and for the past two weeks friends of the family and the immediate relatives have known that she could never again recover. It was just two weeks ago last Friday that she suffered a stroke of paralysis and was forced to her death bed.

Mrs. Gillman, whose maiden name was Susan A. Gillman, was born at Chiles, New York, on the 18th of May, 1842. While she was but a few years of age her parents moved to Ohio and later, in 1856, came to Wisconsin where they settled on the old Fellows farm, six miles east of this city, on the Madison and Janesville road. On December 18th, 1861, Miss Sara Fellows was united in marriage at Delafield to Ray Gillman and the couple settled on the Gillman farm in the town of Porter. Shortly after they moved to another farm on the Prairie road, and after two years there came to Evansville, where Mr. Gillman established a livery. In 1887 the livery company of the present establishment.

Mrs. Gillman is survived by her husband, Ray Gillman, a daughter, Doll, Mrs. L. K. Franz of Belvidere, and two sons, Fred and Rex, both of this city. She is also survived by three sisters, Mrs. Myra Lee of Evansville, Mrs. Mary Case of Belmond, Iowa, and Mrs. Francis Scudell of this city.

Mrs. Gillman was associated with the work of the St. John's Episcopal church and was a prominent member of the Eastern Star service. Funeral services will be conducted at the residence at two o'clock on Tuesday. An Eastern Star service will be conducted and the Rev. John will officiate. Interment will be made in the Maple Hill cemetery.

There will be a social dance Tuesday evening, January 30, at Carl Villa hall. The orchestra of Mrs. O. B. Hall is ill with the grippe.

Glenn Austin was in Milwaukee last week on a business trip.

UTTERS CORNERS

Utters Corners, Jan. 22.—Frank Kosharek returned home from the border Friday night and was given a grand reception at the home of his parents, Mr. and Mrs. Joseph Kosharek, Saturday night. Upwards of sixty of his neighbors and friends being present to welcome him back. After spending several hours with the Kosharek family and partaking of a delicious lunch served by Mrs. Kosharek and daughters, the company dispersed to their respective homes, feeling that they had really enjoyed a very pleasant and social afternoon at one o'clock a son was born to Mr. and Mrs. Lewis Lavanway.

CAINVILLE CENTER

William Letts of Chicago came out from Milwaukee Saturday to attend the reception given their brother, Frank, and remained over Sunday with their parents, brothers and sisters.

MAGNOLIA

Magnolia, Jan. 22.—A farewell dancing party was given in Fisher's hall at Evansville last Thursday night, in honor of the Misses Ann and Mary Gorey, who go to Chicago this week.

The third number of the lecture course was given by a good audience, and Colby, the cartoonist, proved to be a delightful entertainer.

Wedding bells are promised in the north part of town soon.

This evening the M. W. A. and R. N. A. together with friends and neighbors will give a farewell party at the Dougherty hall for Mr. and Mrs. John R. Gorey, who expect to leave for Chicago tomorrow. Mr. and Mrs. Gorey and family have been residents of this place for years and will be sorely missed. The best wishes of the community go with them to their new home.

You are cordially invited to attend the A. C. prayer meeting at the parsonage Wednesday night.

JOHNSTOWN

Johnstown, Jan. 22.—Mr. and Mrs. W. Johnston entertained the card club at a twelve o'clock dinner on Thursday, which was enjoyed to the fullest extent. Five hundred was played in the afternoon. High scores were won by Mrs. R. Brown and W. Florin.

Mr. and Mrs. Hugh McKee were recent guests at the home of James White.

NEWS NOTES—MOVIELAND

Virginia Pearson is an extremely fortunate young woman. Not only is she not referring to her ability as an actress, admittedly very great. She is fortunate because her "poetry" never is published. Should her poems get into print very much, her popularity would fade. She has pressed agent for this. He submits her stuff to the papers, but they have too much compassion for her to print it. In one of Virginia's latest masterpieces, she advises all young children under twelve years of age not to drink alcohol. Read:

"My children, you must never smoke. Until you're reached your teens; This weed will make your insides feel As crowded as sardines."

"Nor must you touch a drop of drink Until you're twelve, at least. For alcohol will make a little Boy a little beast."

"And I'd advise you very much To utter not an oath. It isn't done. That's thought enough For you and me and both."

Woe! Alack! Clay Carroll was so tired after a movie scene he just had finished with Florence La Badi.

"Sit down and rest," said the director. "You're not in the next scene."

Ice cream was brought in for the next scene.

Miss Carroll got up promptly and said: "I'd like to work in this scene after all."

"All right," said the director. Then he addressed them all. "Now, remember," he said, "you don't eat this ice cream. The table is knocked over and it's all spilled."

MOVIE MONEY. Movie producers haven't abandoned hope of inducing the government to buy 15-cent pieces for convenience of movie ticket purchasers and ticket sellers.

It is said that Douglas Fairbanks thinks some of branching out and producing his own pictures. The fact that his brother John has, it is said, given up a respectable position in a mercantile company in Denver to of the limbs at Fort Atkinson.

The body of Mr. Woodard was brought to Janesville for interment in the Danien cemetery.

Miss Adaline Richards passed away this morning at two o'clock at the home of her sister, Mrs. Eugene Flaherty. She had been ill for the past eight weeks, having suffered a stroke of paralysis Nov. 28. The obituary will be published later.

Miss Leah McKewen and Miss Loretta Ives spent Sunday at the home of the latter's parents, Mr. and Mrs. John Ives, near Delavan.

Mrs. Alice Root and two granddaughters, Phyllis and Gladys Woodard, spent today at Adam Turner's, in Allerton Grove.

The entertainment given by Mrs. Rose Clark Price, soloist, pianist and violinist, and Miss Alice Morgan, reader and soloist, at the Baptist church Friday evening, was enjoyed by a large audience of interested listeners.

Miss Margaret Johnson returned Saturday from Delavan.

Mr. and Mrs. Lisle Gray spent several days last week at Como.

Rev. G. M. King returned Friday from New Orleans, where he had spent the past three weeks with his parents. Mrs. King and daughter Florence remained in Chicago for a few days' visit at the home of her sister.

Mr. and Mrs. E. H. Wood went to Joliet, Ill., Sunday to spend a few days with her sister, Mrs. G. E. Wright.

"CHRISTOPHER COLUMBUS" IS A HISTORICAL PRODUCTION.

Joseph Farrell's play, "Christopher Columbus," which he has presented in many cities of the country, which he will present at Myers Theatre Tuesday under the auspices of the local Knights of Columbus, is a spectacular historical production of interest to every American playgoer. Reserved seats went on sale yesterday and already a large number have been sold. Those holding tickets should make their reservations at once if they desire choice selections.

NEW YORK MOVIE MEN
FIGHT FOR SUNDAY SHOWS

Albany, N. Y., Jan. 23.—The big fight of the movie men to win the right to give Sunday shows came to a head here today when the film men from all over the state gathered to tell the legislature and the public its side of the story. The fight has assumed state-wide proportions. The legislature has appointed a special investigating committee on it and church-going has been a special feature of the fight against the Sunday shows. As many of the big film companies have headquarters at some studios in New York, the fight is looked upon as of more or less national significance.

Horsemen who are dissatisfied with conditions at Tia Juana, just over the southern California line in Mexico, are said to be leaving in large numbers, headed either for Juarez or New Orleans. The betting ring in Tia Juana is said to have been turned into a syndicate of two men operated and controlled by two men. Juarez has abolished the books in favor of mutuals this winter with satisfactory results. The trouble with the syndicate has not come through to former marks, because of the troubles across the Rio Grande.

Letters may be addressed to Mrs. Thompson, in care of The Gazette.

Dear Mrs. Thompson: We are two high school girls and are considered very good-looking. We are especially interested in your articles about kissing. We do not agree with any of the writers except Mr. Unknown. He knew what he was talking about. We go with any of the boys and do not keep company with

Dear Mrs. Thompson: I go with a boy who is always saying things to me that I don't know how to take. He teases me in a joking way. It makes me mad and I say cutting remarks and then he says, "You have got to so that we quarrell all the time. I like the boy and don't want to give him up. What shall I do? I can't stand quarreling all the time."

PEGGY.

Since the boy says what he does in a joking way, use self-control and don't allow yourself to get angry. Remember that if you allow him to quarrel he will probably do his part and stop teasing you.

Butterless, Eggless, Milkless Cake—When prices are at apothecary, many a housewife is forced to be a realist. Tasty cake without eggs, butter or milk. Do together two cups dark brown sugar, one cup raisins, one cup lard, one cup molasses, one cup molasses, one cup molasses; let cool, mix in one-fourth teaspoon soda. Sift into above two cups flour, two heaping teaspoons baking powder, one-half cup nutmeg. Bake in two loaves. Nuts can be added if desired. This cake will be improved by keeping a few days.

And make Cuticura Soap and Ointment your every-day toilet preparations. They cannot possibly injure the pores. Contrast the purity, fragrance, comfort and convenience of these super-creamy emollients with "beauty fads" so common, tiresome and expensive. A bath with Cuticura Soap and hot water on rising and retiring thoroughly cleanses and stimulates sluggish pores, giving the complexion a fresh healthy glow. It rids of pimples, redness or roughness; be present smear them with the ointment and let it remain five minutes before bathing. Nothing purer, sweeter or more effective for your skin and hair than Cuticura no matter how much you pay for it.

My little boy, aged five, has had pneumonia for the past four winters. We live in Wisconsin and I have been advised to take him to a warmer climate for the winter months, so that he may not die of pneumonia. As I do not know just what climate would be beneficial, will you kindly name the city or place that would be right for doctor. Also please give me your best doctor's name for a letter from a reader.

Panama is a good climate for pneumonia. The disease raged there and proved a serious problem for the health authorities. Dr. Gorgas was going, and he stamped it out. So well did he accomplish this that the British government sent him to South Africa, to visit the place where pneumonia was a menace to the life of the working men. Dr. Gorgas found the Panama investigators the conditions were stamped out pneumonia. How did he accomplish this? By putting the men in pneumonia jackets? No. By making them wear masks? No. By ordering them to avoid crowds? No. By insisting upon dry clothing at night? No. In fact, his study of the disease showed no need of these factors as pneumonia in the tropics is just as he had done on the Panama Canal. The working men crowded into large barracks for them, spread them out over a large space of ground, and then the pneumonia suddenly disappeared to worry the health authorities.

Wisconsin in the winter, so far as the risk of pneumonia is concerned, you can't escape respiratory infection by fleeing to another place. Even in

respiratory infections are the most common diseases.

"A warmer climate where he may be better suited." There are few days when a five-year-old boy in frail health should not be out of doors for many hours, even in the winter time in the North.

Patients with pneumonia, sped, middle aged or children, certainly are more comfortable out of doors in cold weather. Even pneumonia in the winter requires fresh air treatment of pneumonia in cold weather admit this. Of course the bed must be especially prepared for open air treatment, for the patient must be warm.

Pneumonia is a tropical disease—a disease of individuals who are too much confined in warm air. In the far north it is exceedingly rare. It is more frequent in the tropics and in the districts (per thousand population). It prevails somewhat more widely in the Southern states than in the Northern states.

Set the thermometer at 65 to 67 degrees, and remember that all "colds" are questions through personal contact.

QUESTIONS AND ANSWERS.

Q.—Put Oil in the Ear.

Is laudanum and sweet oil a good remedy for earache? (G. H.)

A.—Never put oil in the ear, and it tends to produce the same, and is a very bad remedy. Glycerin, or oil as warm as bearable, is safer and better. Laudanum is usually safe enough, though not effective, unless there is much inflammation of the drum, which is then rather dangerous. A hot mustard foot bath in bed, and active cathartic are the best remedies for acute earache.

Q.—Preparation for Spraying in Nose.

Please suggest a good solution for clearing the nose. W. P. M.

A.—Alkaline antiseptic solution

PIN KNIGHTS WAIT
TOURNEY'S OPENING

All is in readiness for the opening of the state bowling tournament at Watertown on Thursday. Three hundred and sixty-two entries have been received. Watertown entered 100 teams, while Milwaukee will be represented by 164.

Janesville will be represented by four teams, the Star, Medals, Richards' (Goldfish, Old Five and the Baumann Five. Edward Baumann and Dr. S. P. Richards are the delegates from this city and will attend the annual meeting, February 23.

That the 1917 tournament will be larger and a more successful one than any of the previous tournaments, is evident by the large number of entries received. Never before has there been so many teams entered in a meet of this kind and the officials who are in charge of the tournament are confident that all previous bowling records will be shattered when the 1917 pin knights compete at Watertown.

Other cities in Wisconsin, including Green Bay, Sheboygan and Beaver Dam, will also send many teams to Watertown to compete in the tourney. Plans for the opening days' celebration have already been completed and the leading city officials and business men will be on hand to give the bowlers a royal welcome when they arrive in that city.

Already many teams have made their appearance in Watertown and are getting ready for the opening of the state meet. No expense will be spared in making the tourney a banquet and added preliminary events have been arranged by the officials.

IT'S UP TO ROWLAND
TO MAKE A SHOWING

Charlie Coninsky still has a lot of faith in Clarence Rowland. The "Old Tom" believes that Rowland is capable of winning a championship for Chicago, and he crossed every body up in the White Sox for 1917.

But Rowland will have to show to better advantage this year if he wants to keep his job up in the eyes of the baseball public.

Last spring there wasn't a club in either major league that looked any better on paper than the White Sox. But now, after the season has opened, the Sox are looking like a team that should give the other clubs a better chance than he had last spring to build up a winner.

If he fails it will probably be curtains for him at the close of next season.

TRACK STARS TO APPEAR
AT EASTERN INDOOR MEET

New York, Jan. 23.—The annual indoor athletic meet of the Milrose Athletic club, which will be staged tomorrow night in the Strand, first best indoor arena in New York, will bring out a class of entrants.

Among others who will compete will be Robert Simpson—provided he can leave his studies at the University of Missouri long enough. Fred Murray, California's sensational hurdler, who recently became a resident of New York, also will be there for his first appearance in an indoor meet.

Simpson has never played the indoor hurdle game to any great extent, but it would be considered remarkable if a man who can do the 120-yard outdoor hurdle in 11.5 seconds could not do it in 12 seconds in the indoor event.

Murray's first appearance on the hard gymnasium floors of the east will be watched with interest. Murray is one of the fastest sprinters ever seen in a hurdle race of seventy yards. He should be virtually unbeatable.

He also expects to do a little weight throwing.

In California, where Murray made his home before clubbing with the New York athletes, they don't have indoor meets for the sufficient reason that there's too much summer to make it necessary.

Besides these two stars several other men of national reputation have sent in their entries. The meet promises to be one of the fastest indoor athletic in recent years.

WELSH IS ORDERED TO
APPEAR BEFORE COMMISSION

Freddie Welsh, lightweight champion of the world, has been ordered to appear before the boxing commission in Milwaukee on Feb. 3 to explain his poor exhibition put against Richie Mitchell at the Auditorium on Jan. 16 in Milwaukee. This action was taken at today's session of the commission.

The Twin Ports A. C. of Superior, Wis., was granted a license for the next day evening, when Kid Billing and Jack Malone meet in the main event. Louis Hays of Racine, was granted a referee's license.

There will be no new manager for the Houston club of the Texas league, according to announcement by Donk Roberts, who says Pat Newman will be retained. It will be Pat's fourth season as the Houston manager, and it might be noted that he has had them in the race each season.

CLEVELAND TO HAVE FIRST
CALL ON BREWERS' MEN

Milwaukee, Jan. 23.—President A. T. Tinsie of the Milwaukee American Association and James C. Dunn, president of the Cleveland Americans, have signed a three-year agreement which provides that Cleveland should have first call on the present material of the Milwaukee club and any player whom Danny Shay, manager of the Brewers, develops in the next three years.

Three Cleveland players already have been turned over to Milwaukee. They are Catcher Henry De Berry, infielder Fred Barbare and outfielder Danny Moeller. Moeller was released outright, but a string was tied to the other two.

President Clyde Shropshire of the Nashville Southern league club has been elected speaker of the lower house in the Tennessee legislature. It is certain the cracks won't put over any anti-Sunday ball legislation, in Tennessee this season. The speaker of the house will see to that.

The most likely piece of baseball legislation, with reference to the rules, is an amendment that will do away with the spitball, but the spitballers are to be given a year of grace in order to perfect another delivery, for even if the action is taken it will not go into effect until 1918.

Pitcher Fred Beebe, released by Cleveland to the Western Coast League club has notified the Portland management he won't come west and an attempt is being made to swap him to Louisville. The Louisville club has offered pitcher Jack Nove, but Portland doesn't seem to figure that an even swap.

The Brooklyn club while stating that it would not stand in the way of Olson becoming manager of the Vernon team if it could be arranged, declared it was unable to get waivers on Olson and therefore would have to decline the offer.

The story of the rookie who, when written by a manager who thought of giving him a trial as to what position he played, replied: "I play in a stooping position," is put in the shade by the alleged answers of a player in the South who was sent one of the usual blanks to be filled out for the information of his club in these blanks the player is supposed to state whether he is right or left handed, throws right or left handed, etc. Here are the answers this rookie returned: Position—Pitcher. Throws—Out, in spitball, drop. Bats—350.

Twenty of the largest cities of America boast public golf courses at the present time. A municipal links was put in commission at Cleveland last spring. Even smaller cities like Arkansas City, Kan., are building golf courses for the public, an eighteen hole circuit now being in course of construction.

Bob Fitzsimmons, former heavy-weight champion of the world, is about to join the ranks of the evangelists and lend a hand in the fight on "booze." According to his secretary, Dr. Charles Hendricks of Dunellen, N. J., Fitz leaves his last bad example for the youth of the country and wants to teach young men how to become athletes and still lead clean lives. The former pugilist is at present in Pasadena, in California, but is expected in New York within a few weeks, when he will open a campaign, probably under the auspices of the Salvation Army.

The schedule meeting of the International league is to be held at Newark in March unless the players cause Ed Barrow's club owners to keep their padlocks working all season. As only one club in the league came near breaking even last season, while all the players were paid in full, the owners are not inclined to such action. Such action would give the players the opportunity of going on a real strike that would carry them past the pay day.

Although Jack Murray has been mentioned as likely manager of the Elmira club, it is likely that the blond outfielder will again be seen in the uniform of the Giants. A contract has been mailed to Murray which is free agent and is not expected that he will hold out long with opportunity beckoning to him to return to the major leagues.

With Mike cutting capers among the light heavies, it would not be surprising if Georges Carpentier is not just as glad after all that he cannot come to this country at this time. Mike and Carpentier compare well as to weight and height and, as Carpentier is a trifle too big for Darcy and too small for Willard, Mike, it would seem, would be the logical candidate for a match with him.

They say, "To the victor belongs the spoils." The spoils, however, do not always go to the victor. One instance that disproves the ancient adage is the recent Mike-Weinert ten-round bout in New York. Mike won—there was no question of the result—but he received less for his victory than Weinert. Mike boxed on a straight guarantee of \$2,000. Weinert was guaranteed the same amount with a privilege of 20 per cent. He exercised his privilege, his share being \$3,570.20. The bout drew \$12,864.50.

RECOMMENDS RABBIT MEAT
TO CUT COST OF LIVING

Kansas City, Kan., Jan. 23.—Combat the high cost of living by eating rabbit meat, is the suggestion made by

George M. Pfeiffer, secretary of the Associated Charities of this city, to middle westerners. Pfeiffer declared many farmers have asked that they be directed to their farms to kill the rabbits.

SOME call these face-stuffers hogs, some call them soppers. But they are getting scarcer and scarcer since gentlemen found out about W-B CUT Chewing. There is no excuse for a man making a monkey of himself today. The fine rich tobacco flavor was put into W-B by nature, the touch of salt brings it out nice and tranquil like, without your worrying your jaw around continually. W-B is getting to be pretty nearly as popular as sunshine these happy days.
